Global Network and Priority Service

With direct agreements with over 300 international oil majors, national oil companies, and into-plane service providers, we ensure your aircraft is refuelled on priority, saving you valuable time on the ground. Our aggregated volume demand enables us to offer competitive prices even at remote airports.

Comprehensive Insurance for Peace of Mind

For the assurance of our customers, ASM carries comprehensive liability insurance for all refuelling services, valued at USD 1 billion per occurrence.

Choose ASM for your refuelling needs and experience unparalleled efficiency, transparency, and reliability.

ASM Expertise in **OBTAINING PERMITS**

Swift and Reliable Permit Acquisition

Our extensive experience and strong connections with Civil Aviation Authorities and their approved agencies enable us to secure express flight permits for a wide range of destinations on behalf of our clients.

Streamlined Procedures for Permit Acquisition

Procedures for obtaining flight permissions vary from airport to airport. ASM ensures direct contact with Civil Aviation Authorities worldwide, allowing us to obtain permits on short notice and at minimal cost. The type of operation often determines the advance notice required for permission requests. Our experienced team stays updated on the latest procedures and requirements, ensuring efficient acquisition of Overflying Permits, Landing Permits, and PPR (Prior Permission Request) in compliance with Civil Aviation Authority regulations.

Rapid Response for Relief Operations

We also specialise in obtaining permits on short notice for relief aircraft dispatched to uplift stranded passengers, ensuring swift and reliable support during emergencies.

ASM Expertise in GROUND HANDLING

Wherever you fly, our reliable and insured ground handlers deliver excellent, well-coordinated, seamless service.

Comprehensive and Integrated Ground Handling

We provide an integrated range of high-quality ground handling services and facilitate international airport and aircraft documentation for commercial and business jet operations.

Hajj Operations

We provide specialised support for airlines during Hajj, ensuring efficient management of increased passenger volumes and logistical complexities.

Capability and Professionalism

We ensure that every airport with which we have agreements is fully equipped to handle your aircraft type. Our trained, professional staff operate all requisite ground equipment, ensuring top-tier service.

Flight Supervision on the Ground

On behalf of our clients, ASM secures all requirements for quick, efficient aircraft turnaround at any airport worldwide.

ASM Expertise in FLIGHT DIVERSIONS

Expert Flight Diversion Management

Airlines face significant delays, passenger dissatisfaction, and operational chaos without a flight diversion management system. At ASM, we excel in flight diversion management, ensuring your operations remain seamless, even in unexpected situations. Our seasoned flight watch team, with unparalleled experience and industry contacts, swiftly guides you to the nearest alternate airport when needed, minimizing disruptions and ensuring passenger safety.

Unmatched Response and Reliability

ASM's rapid response capability, bolstered by direct connections with Civil Aviation Authorities and local handlers worldwide, allows us to secure permits, handling, and fueling at a moment's notice anywhere in the world. On the ground, we coordinate with all relevant agencies, acting as a representative of the aircraft operator when an aircraft is diverted. It includes working with immigration, customs, hospitals, and other necessary entities to ensure a smooth process.

Trusted Excellence

With a proven track record and the trust of over 250 operators, ASM's flight diversion management is synonymous with precision, efficiency, and reliability.

Seamless HAJJ FLIGHT OPERATIONS

Hajj is a sacred spiritual journey that unites millions of Muslims worldwide in Makkah, where they perform rituals that symbolise devotion, humility, and unity. At ASM, we specialise in delivering comprehensive and efficient aviation solutions for both commercial airlines and private operators. With our expertise in flight planning, ground handling, and regulatory compliance, we ensure seamless and reliable travel experiences, facilitating a smooth and hassle-free pilgrimage journey.
